

Freading on an Android Device

1. Using an Internet browser on your Android device, visit **<http://freading.mathewslibrary.org>**.
2. If you don't already have the free **Freading app**, you can download it from this page.
3. Once installed, open the Freading app and select the **[app options]** button.
4. Tap on the **[Store]** option.
5. Browse the collection for an eBook.
6. Tap on the eBook cover and click the **[Login to Download]** link below the cover. A new page will appear, enter your postal code and tap on the **[Find Local Library]** option.
7. Select **Mathews Memorial Library**.
8. Log in using your **Library Card Number** and **PIN**.
9. Tap on the **[Download ePub]** link to download the eBook.
10. Open the eBook with the **Freading app**. The first time you open an eBook you may be prompted to activate the app with an **Adobe ID**.

Help with your PIN: The PIN required to access Freading is the same as the password used to access your library account online. If you have not created a password for your account, click the "my library Account" link on the library website (www.mathewslibrary.org). Enter your barcode number and the temporary password, "userpass". You will be presented with a dialog box where you may enter a new password. If you have forgotten your password, please ask staff to reset it for you.
