Help with your PIN: The PIN required to access Freegal is the same as the password used to access your library account online. If you have not created a password for your account, click the "Library Catalog" link on the library website (www.mathewslibrary.org). Click login in the upper right corner of the library catalog. Enter your barcode number and the temporary password, "userpass". You will be presented with a dialog box where you may enter a new password. If you have forgotten your password, please ask staff to reset it for you.
